Your grooming needs require the right motor.

Andis® products are among the best cutting, smoothest running and most durable found anywhere in the world. Each utilizes expertly developed motor technology designed to complement the application, ensuring maximum performance. So which type of motor should you choose? Whether magnetic, pivot or rotary motor, your Andis selection will deliver the high-quality results you’ve come to expect when you pair the correct motor with the right application.

### MAGNETIC MOTORS

**Reliable Power & High Blade Speed for light body grooming**

Magnetic motors run at high speed resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Less moving parts make these simple, reliable and the longest lasting of all the motors.

### PIVOT MOTORS

**High Power & Lower Blade Speed for complete body grooming**

Pivot motors have a lower blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are whisper quiet, cool running and long lasting.

### ROTARY MOTORS

**High Power & High Blade Speed for a wide range of grooming**

Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

### BRUSHLESS ROTARY

Brushless motors deliver more power and torque than standard designs. They also last longer and weigh less.
Inspire #GroomEnvy

Pulse Li 5
Adjustable Blade Clipper

- Five cutting lengths in 1 removable blade—adjustable from 40-9
- Perfect for trimming and touch-ups
- Lithium-ion battery delivers over 2 hours of run time and charges in 90 minutes

#73525
Introducing the
Excel Cordless
Detachable Blade Clipper

The Excel Cordless Clipper features a brushless rotary motor for optimal torque and power—lasts more than 10,000 hours! It’s 25% lighter than comparable clippers, easing fatigue on wrists and hands. The powerful lithium-ion battery runs for 90 minutes on a 60-minute charge. The detachable blade design allows for easy cleaning and greater versatility for use on all coat types. Two speeds: 3,000 and 3,800 strokes per minute.

67450 US/CAN
SBLC
Excel Cordless Detachable Blade Clipper
Speed: 2-Speed
Motor: Brushless Rotary - 3,000/3,800 SPM
Run Time: 90 Minutes
Charge Time: 60 Minutes
Weight: 12.5 oz.
CeramicEdge® Size 10
#64315

INCLUDES:
• Charging adapter
• Blade oil
• Additional quad web drive
• Bonus grip accessory

### Pulse ZR® II Detachable Blade Clipper–Purple Galaxy

- **Speed:** 5-Speed
- **Motor:** Rotary - 2,500-4,500 SPM
- **Weight:** 16.5 oz
- **CeramicEdge® Size:** 10 64315

#### INCLUDES:
- Charging stand
- Charging adapter
- Additional blade drive
- Blade oil
- Storage case

Our most powerful cordless detachable blade clipper features a removable battery pack. The powerful lithium-ion battery can be removed from the unit and charged separately. Improved battery gives longer run time (up to 3 hours) with a 2-hour charge time. Five speeds: Adjustable from 2,500 to 4,500 strokes per minute. Detachable blade design provides greater versatility with multiple blade options.

### Pulse ZR® II Detachable Blade Clipper

- **Speed:** 5-Speed
- **Motor:** Rotary - 2,500-4,500 SPM
- **Weight:** 16.5 oz
- **CeramicEdge® Size:** 10 64315

#### INCLUDES:
- Charging stand
- Charging adapter
- Additional blade drive
- Blade oil
- Storage case

### Pulse ZR® II Vet Pack Detachable Blade Clipper

- **Speed:** 5-Speed
- **Motor:** Rotary - 2,500-4,500 SPM
- **Weight:** 16.5 oz
- **CeramicEdge® Size:** 40SS 64350

#### INCLUDES:
- Charging stand
- Charging adapter
- Additional blade drive
- Blade oil
- Storage case

All of the power and versatility of the Pulse ZR® II, and features a close-cutting CeramicEdge® Size 40SS blade for veterinary and surgical work.

**WORKS WITH ALL ULTRAEDGE® AND CERAMICEDGE® BLADES**

INCLUDES:
- Blade oil

High-endurance brushless motor delivers more power, lasts longer than standard clippers—10,000+ hours! 2-Speed design with higher top speed for a smoother coat finish. Perfect for all coats and breeds. Detachable blade design for greater versatility and easy cleaning. Includes exclusive 17’’ tangle-free swivel cord that enables movement around animals.

**BRUSHLESS MOTORS**

Our brushless motor clippers make easy work of even the toughest clipping jobs! With more power and torque than standard rotary motors, our brushless design features advanced circuitry that prevents dragging or stalling. Andis engineers also designed the Endurance® clippers to last longer than any previous animal clipper we’ve made—10,000+ hours!

The AG® 2-Speed+ features a steady 2-speed rotary motor which runs at 3,400 SPM on the high setting and 2,700 SPM on the low setting. Cool-running, smart design eliminates fans and vents that can become clogged with hair. Clipper features detachable blades for easy cleaning and ultimate choice for cut length. Full 14’’ heavy-duty cord.

*When beginning any groom, remember to consider the pet’s anatomy and determine the finished cut length of hair; you can always take more hair off, but you can’t put hair back on. Begin clipping in a slow but steady movement, move along the back in the direction of the hair growth of the coat. On most pet coats, it will go from back of the head, down the tail, and down each leg. The hair typically grows backwards on the chest and backs of each leg.*

Looking for a compact yet durable trimmer that won’t break the bank? Consider the Trim ’N Go cordless animal trimmer. Its soft-grip design and compact size make it the perfect solution for grooming on the go.

Easily give your pet the perfect stress-free pedicure. The rechargeable lithium-ion battery provides up to 3 hours of run-time and the green, yellow and red indicator lights show how much charge is left. Six different power speeds provide ultimate control as you safely trim your pet’s nails. Works on all dog and cat breeds. The kit comes with everything you need to smooth and file away sharp edges from your pet’s nails, keeping your furniture and floors safe from scratches.

Two-speed pet nail grinder. The easy, quick and stress-free way to give pets a perfect pedicure. Smoother, rounded nails keep floors and furniture safe from scratches. Two speeds for filing nails efficiently and safely. Rotating head safely files sharp and jagged edges. Perfect for all dog and cat breeds—saves money. The silicone sleeve with ergonomic design makes it comfortable to use and control.

Two-Speeds—normal & turbo to quickly trim your pet’s nails. Lightweight and ergonomic design is great for small or large pets. Whisper-quiet operation won’t scare pets. Rechargeable lithium-ion battery—3-hour run time. Cord/cordless operation so it’s ready for use when you are. Multi-function cap can be used on small or large pets.

<td></td>
</tr>
</tbody>
</table>

**Cool Care Plus®**
- Spray can, 15.5 oz - 12 to a case
- Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth.

**Andis® Clipper Oil**
- 4 oz bottles - case of 48
- Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

**Blade Care Plus®**
- Dip jar, 16.5 oz - 12 to a case
- Spray bottle, 16 oz - 12 to a case
- In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

**Blade Brush**
- The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad bristle design ensures a clean blade in just a few strokes.

### CLIPPER CARE

After clipping, it is important to clean your clipper and blade thoroughly to maintain your tool’s performance:

1. Remove large hair fragments from the blade with a blade brush.
2. Clean and disinfect blades by using Cool Care Plus®.
3. Use the 5-point oiling system to lubricate your clipper: with the blade teeth pointing down, apply 3 drops across the teeth of the blade and 1 drop on each back rail.
4. If you notice a decrease in performance after cleaning and oiling your blade, replace the blade to maintain peak cutting performance.
